Valentine's Day at TIC!

Spring—Michelle Hunter, DON TIC

It certainly seems that spring has come early this year. The weather has been unseasonably warm for much of the time, and the robins have made an early return.

This is a great time to visit family members, take advantage of our patio areas, and sit and enjoy the sunshine. Who doesn't love to sit outside and enjoy the warmth of a spring day and listen to the sweet sounds of the birds and perhaps even the occasional squirrel?

Most of us are starting to plan our gardens at home. Here at Tabitha, our Residents have the same opportunities to indulge their green thumbs. With the help of our Life Enrichment departments, Seniors are able to plant flowers or plants of their choosing that families bring in for them. We have plenty of outdoor space available for these types of activities. We can also accommodate a tomato plant if that is more to their liking.

This is a wonderful way to encourage outdoor time and form friendships with TEAMembers and fellow Residents when first moving in. It can also help "grow" stronger bonds with old friends!

TEAMembers are always ready to escort Residents outside on nice days and provide beverages so that everyone stays hydrated while enjoying their outdoor conversations.

COVID-19 Vaccine Info

Looking for additional information to help your family or friends register to receive the COVID-19 vaccine or booster?

Check out the statewide registration site at [Vaccinate.NE.gov](https://vaccinate.ne.gov).

Staying up-to-date on your vaccine impacts our world, Residents' physical, mental and emotional well-being, and ultimately, our ability to keep Residents and TEAMembers safe and healthy.
